

◆How to Apply

◆ What You should Know before Applying

- As Teaching Assistants (TAs) and Research Assistants (RAs) are considered to be “employed” by Tokyo Tech, applications for employing TAs and RAs must be processed by their first day of work. Please note that applications will not be processed retroactively even if student assistants have already started working before the applications are submitted.
- The administrative office must provide student assistants with a copy of the notice “Tax, Tax Return, and Dependent Eligibility Status” and ensure that they are informed how the income they receive will affect their tax obligations and dependent status.
- Grants-in-Aid for Scientific Research (KAKENHI) are intended to support research activities. Student assistants paid with KAKENHI must be employed as RAs as they are considered to be assisting with research work.
