

## Job Posting (for Assistant Professor)

Affiliation	School of Life Science and Technology
Position title	Assistant Professor
Number of Openings	1
Area of Specialization	Life Science (NMR and other spectroscopy, Structural measurements of biomolecules, Biological physical chemistry)
Job Description	The successful candidate will be required to establish an advanced research program in the field of structural analysis of biological systems by spectroscopic measurements and method development. She/he is expected to engage in research and teach, and supervise graduate and undergraduate students in collaboration with Prof. Yoshitaka Ishii. She/he will teach graduate and undergraduate courses, including laboratory and exercise classes. She/he will be also involved in some administrative duties for the School and the Institute.
Qualifications	The successful candidate for the appointment should have notable track record in the research area described above. She/he will be required to supervise graduate/undergraduate students in the relevant fields in English. She/he should also have broad knowledge and technique in physical chemistry and biology in order to teach classes for undergraduate/graduate students. Applicants should have or be expected to have a Ph.D or Doctoral degree in the relevant field before arrival at the post and should and have appropriate laboratory research experience. Candidates must be highly motivated, willing to learn, and demonstrate initiative in assigned tasks.
Location	Tokyo Institute of Technology (Suzukakedai campus), 4259 Nagatsuta-cho, Midori-ku, Yokohama, 226-8501 JAPAN
Working Hours	De facto working hours* under the discretionary labor system for professional work: 7 hours 45 minutes per day (38 hours 45 minutes per week) *Hours considered as working hours
Term	Fixed-term appointments will be for up to 5 years. Reappointment may be possible for one additional term of up to 3 years. The total term is limited to a maximum of 8 years from the original date of employment.
Probationary Period	6 months
Salary	The successful candidate will be paid under the “Annual Salary System with Lump-Sum Retirement Allowance” pursuant to the Institute’s Regulations on Wage and Salary for Staff under Annual Salary System with Lump-Sum Retirement Allowance. In accordance with the regulations, the amount of annual salary will be determined

	<p>based on the standard level for the first fiscal year of employment, and will be based on performance evaluations in subsequent years.
