Job Posting (for Associate Professor)

Affiliation	School of Environment and Society
Position title	Associate Professor
Number of Openings	1
Area of Specialization	Research fields that contribute to the realization of values such as diversity and
	inclusivity towards building and sustaining a better society in the context of
	digitalization, in particular informatics/data science, sociology, or pedagogy. It is
	required to adopt a strategy of a fusion of the humanities and sciences, and a
	transdisciplinary approach (linking the findings of multiple disciplines with social
	implementation).
	• The successful candidate will be required to engage in research, teach, and
	education management/administration of the Department, Graduate Major,
	School and/or Institute.
	• The successful candidate will teach and/or co-teach undergraduate courses in
Job Description	the Department of Transdisciplinary Science and Engineering and graduate
Job Description	courses in the Major of Global Engineering for Development, Environment and
	Society.
	• The successful candidate will get engaged in the activities for Global Scientists
	and Engineers Program (GSEP).
	• The successful candidate will supervise undergraduate and graduate students.
	A Ph.D. or Doctoral degree in Science or Engineering
Qualifications	In-depth understanding of the vision and educational ideals of Department of
Qualifications	Transdisciplinary Science and Engineering.
	Ability to teach courses and to supervise students in English.
Location	Ookayama Campus (Nearest station: Ookayama) or Suzukakedai Campus
	(Nearest station: Suzukakedai)
	De facto working hours under the discretionary labor system for professional work:
Working Hours	7 hours 45 minutes per day (38 hours 45 minutes per week)
	Hours considered as working hours
Torm	Permanent Position
Term	The Institute has mandatory retirement, requiring employees to retire at age 65.
Probationary Period	6 months
Salary	The successful candidate will be paid under the "Annual Salary System with Lump-
	Sum Retirement Allowance" pursuant to the Institute's Regulations on Wage and
	Salary for Staff under Annual Salary System with Lump-Sum Retirement
	Allowance. In accordance with the regulations, the amount of annual salary will be

	determined based on the standard level for the first fiscal year of employment, and will be based on performance evaluations in subsequent years. A retirement allowance will be paid separately at the time of retirement.
Social insurance and other benefits Employer	 Annual salary examples (The amounts listed below are only examples provided in the regulations and do not relate to this position.) Associate Professor who has 5 years of work experience after completing a doctoral degree. Standard: JPY 7,500,000 Minimum: JPY 7,000,000 Maximum: JPY 8,600,000 The minimum and maximum amounts will vary depending on performance. Employee's pension, Mutual Aid Association short-term benefits (health insurance), employment insurance, worker's compensation Insurance. President of National University Corporation Tokyo Institute of Technology
Proposed Start Date	April 1st, 2024
Closing Date for Application	Applications must be received by 30th September, Saturday, 2023
Selection Process	Selection will be based on a comprehensive review of applications and interviews of candidates. Selected applicants may be asked to have an on-campus or online interview and/or give a presentation. Please note that travel expenses for attending in-person interviews will not be reimbursed.
Required Documents	 Curriculum vitae including professional and educational history (from high school onward), degrees, awards, and email address. Accomplishment statement, including: a. Refereed journal papers b. Refereed conference proceedings and non-refereed conference proceedings c. Commentaries d. Books e. Patents, etc. Please include details for each category. For lectures, state if it was a keynote or invited lecture. For items a. and b., include the number of citations, h-index, and name of database* used. * Scopus, Web of Science, or Google Scholar Citations etc

3. Acquired research grants and external funds. Include names of the funds, project titles, amounts, periods of research, and allocated amounts (if not the principal researcher) 4. Research statement with a summary of research accomplishments and details of the future direction and plan for the applicant's work (free form, two A4 pages) 5. Teaching statement (Specifically, international students' education) that provides a summary of accomplishments and discusses ideas for teaching and learning (free form, two A4 pages) 6. Social activities such as those as a member of international and academic committees 7. References from two Japanese and two overseas universities or research institutes, respectively with names, affiliations, and contact details 8. Up to three major publications (PDF) (Books would be acceptable with PDF of the title page, table of contents and 1-page abstract.) 9. An Excel file filled in specified information in the specified form below. https://tokyotech.box.com/s/0iic2p7.or/yqupf6x78/imc3tmi31xyo Note that documents 1, 2, 3, 6 can be prepared by using JREC-IN Portal via "Application" on the portal web page. In that case, required specific items such as 2. (a. to e.) and amounts of 3. must be included. Submit the required documents combined to a single PDF file from 1 through 8, and Excel file 9 via JREC-IN portal below. https://incli.jt.go.jlseet/Seek/Seek/JorDetaiP1/d=D123072223&In=1 We do not accept submissions by email or postal mail, etc. Takehiko MURAYAMA Professor Department of Transdisciplinary Science and Engineering, School of Environment and Society		1
